

SHE Leads Group is looking for Chapter Presidents who will uphold our culture and mission of Supporting Heart & Enterprise™.

SHE Leads Group is a unique leads and networking organization based on our four cornerstones: 1) No MLM's or start-ups. 2) Every meeting has business or professional development training. 3) Meetings are only twice a month and 4) Membership levels for all needs. These four cornerstones are what have made our membership increase at a fast rate. SHE Leads Group offers some other unique differences that make our organization very appealing from other corporate leads groups out there.

With more demand for SHE Leads Group chapters to open, SHE Leads Group is looking for a part-time, independent contractor Chapter Presidents to assist in starting new chapters.

Benefits of starting your own leads group chapter:

1. Can't get into other high-quality leads groups because your business category is always one of the first to be filled? Starting your own leads group chapter, gives you the benefit of assuring your spot in up to three business categories relating to your business.
2. In the leadership role of your chapter's leads group, you can hand pick those who you know that match up to the SHE Leads Group culture, values, mission, and eligibility requirements. Your chapter's leads group will have people you have invited and know you can stake your reputation on them.
3. Chapter Presidents are often viewed as a leader in the community and a resource in their network. In this position people will begin to see you as a resource and they will think of you as, "If you need a quality resource for anything, [fill in your name] will know someone." This will help your business's top of mind awareness in the community.
4. As a thank you for volunteering, Chapter Presidents receive a free Presidential Membership into their chapter's leads group.
5. Chapter Presidents receive a commission plan for new members.
6. You will have access to all the tools to assist in starting a chapter. No need to start a leads group from scratch. SHE Leads Group provides you with the business model and tools to be successful.
